

Slush Machines

Mr Cool it Slush and Milkshake Syrups are suitable for use in all Slush or Granita Machines. Made with only the finest ingredients you can be confident of serving drinks which are colourful and full of flavour, lasting until the last drop of every drink.

Within our prime service area we offer machines on a Free on Loan basis. Customers with their own machines can benefit from improved profit margins whilst using the same high quality products.

We offer a range of different machines for Sale, meaning that you can choose the most suitable size and capacity for your environment.

In addition, we stock Spare Parts for several of the most popular machines, and can offer a Repair and Full Workshop Service where appropriate.

Please use the links in the main menu to discover more about the various options that Mr Cool it offer regarding Slush Machines...
